

E-Vision is now providing turnkey solutions for TV services in KSA and Egypt

“E-Vision the fully owned subsidiary of Etisalat, achieved another milestone in expanding its footprint in both MOBILY TV (KSA) and Etisalat TV (Egypt). E-Vision provided a full turnkey solution, which includes world class multitenant cloud Video OTT platform and Content, which includes around 150 popular linear TV channels (OSN, MBC, Rotana, ART, Fox etc.) and over 11,000+ hours of Video on Demand content from Arabic, Hollywood, Egyptian, Bollywood and other independent studios.

This is the first of its kind pure multi-tenant solution offered by any operator in the Region, which fully managed through cloud services, and having only caching servers (CDNs) deployed in the respective countries to serve the OpCOs’ customers to high quality of service and experience. E-Vision plans to continue its endeavor to serve its clients with world class content aggregation and platform delivery services to meet its customers demand across the MENA region.”
